Registration: **FREE**

Dr. A.K. Prakasan Gurukkal,

is an enlightened master in the fields of martial arts, Marma and Massage therapy. The interest in the fields of martial arts and traditional medicine was planted and nurtured in him at a young age by his parents Sri K.P. Nanoo and A.T.Janaki. He then embarked on his journey of perfecting his deep found interests under many esteemed masters.

On 1.12.1996 he secured his MD in alternative medicine from the board of Alternative Medicine affiliated with the International Open University Calcutta. Being a registered medical practitioner he specializes in natural remedies in treating illnesses such as Marma Therapy (vital point theory of human body) and Kalari treatment to name just two.

His research work on Kalaripayattu (martial art of Kerala) in different styles for more than 30 years paved the way for a spiritual Martial Art named **Atma Reksha Yoga** which provides the peaceful state of fearlessness and squashes the anger from the minds of practitioners.

His unique style of Martial Arts is based on spiritualism and the realization of secret theories of 'Choondumarma (Finger pointing technique) and Udelkettu sastra' (Body protecting technique without physical force). He has attracted the attention of many practitioners from foreign countries who sing his praises unabashedly.

CANSURVIVE & IT'S PURPOSE

Cansurvive is a support and information service for those who are challenged with cancer. Not just information and support, but a service that offers a greater awareness of the benefits of holistic, non-invasive cancer therapies, nutrition and diet, as well as orthodox treatments; what is available and where to access them. It is a window of light into the world of healing, where the word "Terminal" is a challenge, not a death sentence.
