## CANSURVIVE & IT'S PURPOSE

Cansurvive is a support and information service for those who are challenged with cancer. Not just information and support, but a service that offers a greater awareness of the benefits of holistic, non-invasive cancer therapies, nutrition and diet, as well as orthodox treatments; what is available and where to access them. ## Topic 2: Healing Power of Presence

1:30 pm to 4:00 pm

#### Presenter: Michele Boeglin

Michele Boeglin is Australian of French descent and currently resident in Kuala Lumpur.

From young, Michele pursued a lifelong dedication to spiritual exploration, quest for Truth and discovery of the nature of reality. Her spiritual formation is rooted in the non-dual wisdom traditions of Advaita Vedanta, Christian Mysticism, Western Hermetic tradition and Buddhist Theravada Forest Meditation tradition.

Whilst in England and Australia, she became a certified Merkabah Light-body meditation teacher and Reiki Master. She ran a Meditation and Reiki studio in Sydney and healing practice incorporating aura-soma therapy, holistic counselling and EFT-based energy medicine of Thought Field Therapy.

#### Synopsis:

'No self, No other, No separation' is the living message of Non-duality, the essence of Self-realization and the ultimate antidote to recurrent suffering of any kind, in any form.

Healing the delusion of personal selfhood

The first aim of non-dual teaching is to reveal what we are not by investigating the felt sense of self and dispelling the myth of being a person.

Healing the stress of mis-identification

The biggest mistake a human being can ever make is to believe

Evening Speaker

himself to be a temporal, born and death-bound entity endowed with an independent self-will, separate from source.

"Suffering happens when you believe that you are your thoughts and emotions." "Not about denying or suppressing thought and emotion. It is about seeing them for what they really are."

Healing the illusion of separation

Suffering is the signature of this felt sense of separatedness. This illusion of duality is the root cause of endless conflict, competition and violence between individuals, tribes and nations.

Healing the fear of death

A life of real peace and fulfillment is a life where one has broken free from mis-identification with body, mind and name and seen through the confusion of what is real and what is delusion. Such a life is truly blessed as it culminates in the greatest freedom of all : freedom from the illusion of birth and death.

Art of non-dual healing

Healing through Presence lies the power and grace of the non-dual healing arts which is a natural expression of our true identity as love in service to the One in All.

It is the art of essentially doing nothing except letting the body-mind rest in the natural stillness of Self and in so doing, turning oneself into an empty vessel through which healing forces can function freely on their own accord and in harmony with the wisdom of the Whole.
